Organic

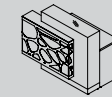

Simple structure and organic shapes — Organic reception desk is modelled after patterns found in nature, catching eyes with its characteristic backlit element.

Modern white implies a sense of trust and order.
The reception can highlight the sterility in medical

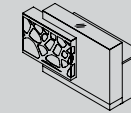

institutions or natural approach in SPA centres and beauty salons. RGB lighting harmonizes with the interior and allows adjusting colours to the brand's image whereas the glass top and aluminium kick plate indicate nobility and elegance.

Ovo

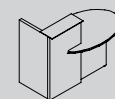

Small, but providing maximum practicality – Ovo reception desk is optimally combining features of a customer service stand and an individual workstation.

The oval top is at the same time fulfilling a role of a worktop and a lower element of the reception what

makes for a multifunctional desk that meets the needs of disabled customers. The higher part allows working in a standing position, simultaneously hiding the computer station and the document shelf. Ovo is a space-saving solution that will fit perfectly for beauty studios, hair salons and many other interiors.

Tera

Classic and timeless — Tera reception desk meets the expectations of those who favour simplicity and universal forms.

The combination of glossy HPL elements, with white or wood-like melamine plate that breaks the conservative patterns, is subtly indicating elegance

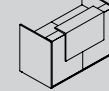

and prestige. Modular desk provides possibilities of creating various layouts: from small to complex workstations depending on the needs. By employing the low module with overhang worktop, the desk eases the communication with disabled customers. Tera is a perfect fit for a reception of law firms or hotel lobbies where it delicately highlights the high quality of service.
