Extremis

University of togetherness

Our Virus picnic tables are the centre of the University college VIVES in Bruges. The tables in various colours and a mixture of small to medium-sized seating sets encourage the students to connect with each other - the old-fashioned way.

Extremis

At the Hopmuseum in Poperinge, you can learn all about the history of hops plants and how they make your beer taste so delicious. Afterwards, you can get hold of a bottle of Saison Tremist beer, our Belgian Farmhouse Ale. Cheers!

↑
Virus was successfully launched
in Asia during Interior Lifestyle, a
must-see design event in Japan.

Extremis

A large, mature tree with a thick, textured trunk and a dense canopy of green leaves stands in a field of tall, golden-brown grass. To the left of the tree's base is a small, weathered wooden box. To the right is a white metal picnic table with a bottle on it. The background is filled with more trees and foliage under a bright sky. In the bottom left corner, there is a small, dark bird on the grass.
