MAKING SPACES AGILE

Be inspired

With thousands of unique configurations possible, combinations are limitless and truly bespoke to your needs.

Companies change, grow, adapt and, of course, move. The best designs include future proofing calling for a more modular and reconfigurable solution that doesn't compromise a superior design aesthetic.

'Unlimited configurations
that can create a truly
agile space'

MAKING SPACES AGILE

Huddlebox[®] Collection

work-agile.com

workagile

making spaces agile

Workagile design and manufacture flexible furniture solutions that enable companies to adapt and flex as business needs change. We believe that a truly agile workspace will always provide choice, and Workagile furniture designs will do exactly that to any workspace.

With a focus on modular and creative designs that are inherently sustainable through the option to reconfigure and reuse, either within the existing area or in a completely new workspace, Workagile solutions will truly save you time, money and effort!

Today's hybrid focused workspaces show a growing need for adaptability, and Workagile furniture solutions support this shift, encouraging productivity through enabling better collaboration, communication and creativity.

empowering organisations
globally to create **flexible,**
dynamic and **efficient** spaces

inherently sustainable

Workagile promote best practices, reduce environmental impacts and help our clients do the same through flexible and modular furniture systems. Recognising the environment as a shared responsibility, we source timber from responsibly managed forests and prioritise certified materials.

CAREFULLY SELECTED MATERIALS

We use FSC-certified materials as a minimum standard, ensuring sustainable sourcing. Durable materials extend product lifespans, while recyclable options like PET felts and reduced plastic usage in products and packaging further minimise waste.

MODULAR, REUSABLE DESIGNS

Our modular products are reconfigurable and reusable, allowing them to adapt to new spaces easily. This versatility reduces waste compared to bulky, immovable alternatives.

REDUCING CARBON FOOTPRINT

We cut emissions by consolidating shipments, sourcing from the UK and Europe, and maintaining a fleet of electric and hybrid vehicles. Solar panels power key operations in our warehouse and offices, reducing reliance on non-renewable energy.

CIRCULAR DESIGN

Circular design principles guide our process, focusing on waste reduction and product longevity. Modular and recyclable products like Huddlebox® are designed to be reused, repaired, and repurposed, reducing landfill contributions.

SIGNED AND SEALED

Workagile proudly holds FISP accreditation and FSC/PEFC certifications, ensuring our products meet the highest environmental standards. With every product, we remain committed to sustainable, responsible practices.

CONTENTS

Huddlebox® Edge

10

The Huddlebox® Edge is the most cost-effective option, featuring larger modules for enhanced value. Its unique butt join construction creates a visible 'edge' detail, offering a modern aesthetic.

Huddlebox® Original

24

Our mid-priced option, offers more than just a box. It's a unique piece of design engineering with mitred edges, allowing for unlimited tiered seating configurations. This flexible design fosters creativity, making it ideal for hybrid work environments where collaboration is key.

Huddlebox® Stack

38

The premium option is designed for simplicity and ease of use, each module connects effortlessly and can be reconfigured as needed. Built to adapt, The Huddlebox® Stack moves with your business, allowing you to customise layouts to suit your team's activities at any given moment.

Huddlebox® Borders

50

Huddlebox® Borders are a perfect solution to pair with our popular Huddlebox® seating range, bringing a touch of the outside-in, or to use as a beautifully natural way to create space division.

Huddlebox® Dots

56

Every workplace benefits from informal seating 'dotted' around! Huddlebox® Dots offer the perfect perch for breakout spaces, collaboration zones, or impromptu meetings, bringing flexibility and style to any environment.

endless configurations

With thousands of unique configurations, combinations are limitless and truly bespoke to your needs. Companies change, grow, adapt and, of course, move. The best designs include future proofing calling for a more modular and reconfigurable solution.

We offer a variety of pre-set configurations, simplifying the design process for architects and empowering users to easily select the perfect setup to suit their needs, team size, and available space - this user-friendly feature ensures a seamless integration into existing plans.

HUDDLEBOX® EDGE CONFIGURATION IDEAS

HUDDLEBOX® ORIGINAL CONFIGURATION IDEAS

HUDDLEBOX® STACK CONFIGURATION IDEAS

bespoke configurations

Bespoke configurations are also available to ensure the configurations suit your wider project design intent. Contact us to help design and visualise your ideas.

Huddlebox® Edge

Huddlebox® Edge is our most affordable tiered seating option, with larger sized modules that make the system more cost-effective. The butt join construction method means there is a visible 'edge' detail, where the panels of the modules are connected.

cost-effective collaboration

We understand the importance of cost-effectiveness for businesses of all sizes, and that's why we have designed Huddlebox® Edge with an emphasis on delivering exceptional value, without compromising quality. By offering a scalable seating solution at a budget-friendly price point, Huddlebox® Edge allows teamwork and productivity to be boosted without breaking the bank.

it's all in the detail

FEATURED EDGE DETAILS

Huddlebox® Edge features a butt joint construction for easy assembly and an exposed edge detail, giving the seating system a sleek, modern look perfect for collaborative spaces.

SEATS WITH BACKS AVAILABLE

Huddlebox® full seats offer a more comfortable and ergonomic experience, with their thoughtfully designed upholstered seats and seat backs.

INTEGRATE BIOPHILIC DESIGN

The Huddlebox® Edge planter modules integrate plants into tiered seating, enhancing your space with biophilic design for a calming, wellbeing-boosting atmosphere.

LARGER MODULES

With fewer individual pieces to assemble, the installation process becomes more efficient, reducing labour costs and construction time.

ADDITIONAL ACCESSORIES

Whether it's adding tables to create a portable, compact workspace, optimising space with storage, enhancing mobility with castors, these options ensure you can create a tailored and functional seating system that aligns perfectly with the demands of any team in any environment.

Huddlebox® Original

Huddlebox® Original is no ordinary box. It is a unique piece of design engineering, enabling you to create unlimited tiered seating layouts – getting people in a creative mindset, something that is more important than ever with increased numbers of people working in a hybrid way.

creating collaboration

Whether designing for 20, 200 or 2,000 staff, Huddlebox® Original can be scaled to suit any project.

The construction of these new modules makes them unique and even better than before with a simplified fitting system enabling increased flexibility and choice.

it's all in the detail

Huddlebox® Dots

Informal pouffe seating: Agile working from Dot to Dot.

Every workplace benefits from informal seating 'dotted' around! Huddlebox® Dots offer the perfect perch for breakout spaces, collaboration zones, or impromptu meetings, bringing flexibility and style to any environment.

it's all in the detail

ADD A SPLASH OF COLOUR

Huddlebox® Dots add a vibrant splash of color to your projects with DOT pouffes. Stylish and versatile, they brighten spaces while offering informal, flexible seating for dynamic, collaborative environments.

PRACTICAL DETAILS FOR STYLISH SEATING

Huddlebox® Dot seating is designed with practicality and style in mind. Plastic feet and handles come as standard, ensuring stability and durability on any surface, while a stylish leather handle adds both elegance and easy mobility. Optional castors enhance flexibility, allowing effortless movement for dynamic, ever-changing spaces. These thoughtful details make Huddlebox® Dots perfect for creating flexible, functional, and visually appealing environments.
