

VISU WOOD BASE CHAIR

MIKA TOLVANEN ON THE DESIGN "The task was to create a personal interpretation of the everrelevant plywood chair. I wanted my chair to have an unobtrusive and timeless nature that is familiar but never boring and without sacrificing function or ergonomics. Designing a family of chairs, visually related but for different functions, was an interactive and thorough process lasting nearly two years. In the end, I think every detail is exactly as it is supposed to be."
